

## Wadsworth Fields Primary School

### Accessibility Plan 2023 - 2024

### Definition of special educational needs

In this plan, 'special educational needs' refers to a learning difficulty that requires special educational provision.

The SEND Code of Practice 0 to 25 Years (DfE, Jan 2015) says children have a learning difficulty or disability if they:

- have significantly greater difficulty in learning than the majority of children of the same age; or
- have a disability which prevents or hinders them from making use of facilities of a kind generally provided for children of the same age in mainstream schools or post-16 institutions; and
- are under compulsory school age and are likely to fall within either of the definitions above when they reach compulsory school age or would do so if special educational provision was not made for them.

Children must not be regarded as having a learning difficulty solely because the language or form of language of their home is different from the language in which they will be taught.

Disability is a term defined under the Equality Act 2010 as a physical or mental impairment which has a substantial adverse long-term effect on the individual's ability to carry out normal day to day activities.

### Definition of special educational provision

For children aged two years or older, this is educational provision additional to, or otherwise different from, the educational provision normally available to pupils of the same age. Wadsworth Fields Primary School has adopted this accessibility plan in line with the school's special educational needs policy with the aim of ensuring that our school is socially and academically inclusive, that all pupils have access to a full curriculum, and that all pupils are appropriately challenged.

Our special educational needs policy outlines the school's provision for supporting pupils with special educational needs and disabilities (SEND), and the school's Equality, Diversity and Inclusion Policy explains how we ensure equal opportunities for all our students. This accessibility plan provides an outline of how the school will manage this part of the SEND provision.

Please refer to our special educational needs policy for an outline of our full provision to support pupils with SEND. The table below is based on our current assessment of accessibility for pupils with SEND. It sets out priorities across the school in a number of areas and the relevant timescales for action to increase accessibility for pupils with SEND. Progress on these measures will be updated annually and reported to the governing body.

### **The purpose and direction of the school's plan**

At Wadsworth Fields Primary School, we are committed to giving all of our children every opportunity to achieve the highest of standards. We do this by taking account of pupils' varied life experiences and needs. We offer a broad and balanced curriculum and have high expectations for all children. The achievements, attitudes and well-being of all our children matter. Wadsworth Fields Primary School promotes the individuality of all our children, irrespective of ethnicity, faith, attainment, age, disability, gender or background.

Our school strives to be an inclusive school. We actively seek to remove the barriers to learning and participation that can hinder or exclude individual pupils, or groups of pupils. This means that equality of opportunity must be a reality for our children. We define equality in line with the Equality Act 2010 and recognise the following protected characteristics:

- age
- disability
- gender reassignment
- marriage and civil partnership
- pregnancy and maternity
- race
- religion or belief
- sex
- sexual orientation.

## The main priorities in the school's plan

We take all advice, guidance and support needed to ensure we meet the needs of children and adults with disabilities or those who require alternative access arrangements permanently or for a fixed term. The support plans ensures that:

- The school draws on the expertise of external agencies to provide specialist advice and support
- The SENCO has an overview of the needs of disabled pupils
- There are high expectations for all
- There is appropriate deployment and training of learning support staff
- Successful practice is shared within the school
- The school works together with others in the local area (including accessing specialist expertise from Foxwood Academy Special School)
- Disabled pupils have access to extra-curricular activities
